# GLOBAL CARDBOARD CHALLENGE!

at lexington technology center

The Global Cardboard Challenge is an annual initiative of the Imagination Foundation. Inspired by the short film, "Caine's Arcade," the Cardboard Challenge is a worldwide celebration of child creativity and the role communities can play in fostering it. We invite kids to design and build awesome creations using cardboard, recycled materials and imagination.

This year's Challenge aims to engage  
**1 million** kids  
in **70** countries  
in creative play!
